

**Data Analyst → Data Scientist**

# **Yuliam Darío Rivera González**

**Data Analyst · Industrial Engineering · Software Development**

Cali, Colombia · Remote Email: [yuliam.rivera@outlook.com](mailto:yuliam.rivera@outlook.com) +57 304 489 1559

LinkedIn: [linkedin.com/in/yuliamrivera-467b05114](https://linkedin.com/in/yuliamrivera-467b05114) GitHub: [github.com/yuliamrg](https://github.com/yuliamrg)

## **PROFESSIONAL PROFILE**

Data Analyst transitioning from industrial engineering and maintenance, with solid experience in planning, cost control (OPEX/CAPEX), and continuous improvement. Final-semester Industrial Engineering student with training in data analysis and storytelling. Hands-on experience building KPIs, ETL processes, and visualizations for decision-making in hospital and industrial environments. Interested in Junior Data Analyst roles in Colombian companies or remote international teams.

## **CORE STRENGTHS**

### **Analytics & Reporting**

KPI design · ETL workflows · Dashboarding

Data Visualization    Operational Metrics    OPEX / CAPEX

### **Automation & Tools**

Excel · Apps Script · Python

Process Automation    Google Workspace    Looker Studio

## PROFESSIONAL EXPERIENCE

### Maintenance Planning Analyst

Clinica de Occidente · Cali, Colombia · Mar 2024 – Present

- Operational and financial data analysis for maintenance planning.
- KPI design, tracking, and ETL processes for continuous monitoring.
- Looker Studio dashboards for OPEX/CAPEX cost control.
- Report automation with advanced Excel and Google Apps Script.
- Analytical support for technical leadership and administrative teams.

### Refrigeration & Air Conditioning Technician

Clinica de Occidente · Cali, Colombia · Sep 2018 – Feb 2024

- Management and analysis of technical data for critical equipment.
- Logging, tracking, and analysis of recurring failures.
- Supported BMS (Metasys) implementation as an operational data source.

## EDUCATION

### Industrial Engineering

Politécnico Grancolombiano · Final semester

### Software Analysis & Development Technologist

SENA · Practical stage

### Diploma in Data Analysis & Storytelling

Politécnico Grancolombiano · In progress

## TECHNICAL SKILLS

Data Analysis    Python (basic–intermediate)    SQL (in training)    Advanced Excel

Looker Studio    ETL Processes    KPI Design    Data Visualization

**TOOLS**

Excel   Python   Looker Studio   Google Apps Script   AppSheet

**ATS KEYWORDS**

Data Analyst, KPIs, ETL, Python, SQL, Advanced Excel, Data Visualization, Looker Studio, OPEX, CAPEX, Continuous Improvement

**LANGUAGES**

Spanish · Native   English · Basic technical (documentation reading)

**OTHER**

- Availability to travel and relocate
- Driver's licenses: A2, B2
- Own vehicle
